OTHER ACCOMODATIONS

Accommodations such as wheelchairs or other needs please contact us and we will discuss a plan to make your camp experience a good one.

WEBELOS OUTPOST

WHAT IS WEBELOS OUTPOST?

At the close of each camp session the Webelos are invited to stay an additional night to experience the Webelos Outpost program. Webelos Outpost this year is offered at Kiwanis Scout Camp and Phillippo Scout Reservation and is geared towards being the next step for Webelos Scouts and their adult partners to prepare them for attending 5th grade Webelos Camp the following summer. All of the activities offered during the outpost are geared specifically for Webelos.

At the close of your Camp sessions while the Tiger, Wolf and Bear Cubs pack up their gear and head home the Webelos will be anticipating another day of adventure.

Everyone participating in the Webelos Outpost program will need to bring a small day-pack to carry their equipment to the upper level of camp. They will be camping in backpacking tents like the Scouts BSA youth do.

We require a minimum leadership ratio of 1:2 for the overnight program. Trained camp staff will be with Outpost participants at all times. Webelos Outpost is **\$35 per person** which includes two meals, the Webelos Outpost segment for your camp patch and additional program activities.

This program is only open to registered Webelos (entering 4th grade in the fall).

WHEN IS WEBELOS OUTPOST?

Webelos Outpost will begin at 3:30 pm Sunday afternoon and wrap up around 11:00 am Monday.

HOW DO I REGISTER FOR WEBELOS OUTPOST?

You must first register for your weekend of Cub Scout Summer camp, and then there will be an option to select "Webelos Scout plus Outpost" or "Adult plus Outpost". By selecting this, you will automatically be charged the additional fee and be registered for the program!

SWIM TEST PROCEDURES

WHAT IS THE SWIM TEST?

The swim classification of individuals participating in a scouting activity is a key element in both Safe Swim Defense and Safety Afloat. The swim tests must be renewed annually, preferably at the beginning of each summer season.

All persons participating in aquatics are classified according to their swimming ability. The classification test and procedures have been developed and structured to demonstrate a skill level consistent with the circumstances in which the individual will be in the water.

The Swimmer's Test demonstrates the minimum level of swimming ability for recreational and instructional activity in a confined body of water with a maximum 12-foot depth, and with shallow water footing or a pool or pier edge always within 25 feet of the swimmer.

ADMINISTRATION OF SWIM CLASSIFICATION TEST

Option A: Before Camp:

(at unit level with council approved aquatics resource people)

The swim classification test done at a unit level should be conducted by one of the following council approved resource people: Aquatics Instructor, BSA; Aquatics Supervisor; BSA Lifeguard; certified lifeguard; swimming instructor; or swim coach. When the unit goes to a summer camp, each individual will be issued a buddy tag under the direction of the Camp Aquatics Director for use at the camp. The signed form must be presented upon arrival at camp to the Aquatics Director at the pool to obtain your buddy tags for the aquatics areas.

It is advantageous to conduct the swim classification prior to a unit going to summer camp. Option B: At Camp

The swim classification test is completed during your aquatics rotations by camp aquatics personal.

Special Note: When swim tests are conducted away from, or at, camp the Aquatics Director shall at all times reserve the authority to review or retest individuals or entire packs to ensure that standards have been maintained.

SWIMMER TEST

Jump feet first into water over the head in depth, level off, and begin swimming. Swim 75 yards in a strong manner using one or more of the following strokes: side stroke, breast stroke, trudgen, or crawl; then swim 25 yards using an easy resting back stroke. The 100 yards must be swam continuously and include at least one sharp turn. Finish by demonstrating you can float on your back.

BEGINNER TEST

Jump feet first into water over the head in depth, level off, swim 25 feet on the surface, stop, turn sharply, resume swimming as before, and return to starting place.

LEARNER TEST

Anyone that is unable to complete the beginner's test is classified as a Learner and may use the shallow section of the pool and may use a rowboat with qualified adult supervision.

SWIM TEST RECORD

This is the individual's swim classification as of this date. Any change in status after this date (e.g., learner to beginner or beginner to swimmer), would require a reclassification test by the Aquatics Director. Please complete and present this sheet to the Aquatics Director at the pool after check-in at camp to have your buddy tags completed.

CAMP RULES & SAFETY

CAMPER DISCIPLINE POLICIES

It is expected that all campers will live up to the principles and values of the Scout Oath and Law.

1. The Scout Oath and Law are the only rules in camp. They are all that is needed, and unit leadership is responsible for enforcing these rules and disciplining those campers that break them.
2. In the case of inter-pack conflicts or problems, the unit leadership of the individual campers involved is responsible for disciplining each of the individual campers.
3. The camp administration (beginning with the Camp Director) is available and prepared to assist in establishing communication in the event of inter-pack problems.
4. If the camp administration believes further disciplinary action is required of the unit leadership, they will request it. If it is not forthcoming, the chartered partner and District Executive will be contacted.
5. The camp administration encourages unit leadership to send any camper home immediately who steals, vandalizes or intentionally places another camper in danger of harm. The administration reserves the right to take that action themselves if necessary, including sending the entire Pack home within 24 hours.
6. Hazing, "midnight raids", tent-ditching, or other such activities are not allowed at any time at Northern Star Council camps. Such activities place campers at risk of injury and may cause bigger problems to occur as a result of seemingly small rituals getting out of control.
7. A curfew of 10:30 p.m. will be strictly enforced for all campers. Any Scout who leaves a campsite after 10:30 p.m. must be accompanied by an adult unit leader or camp staff member. Always maintaining two-deep leadership (no one-on-one contact between Scouts and adults unless they are immediate family members).

Scouting is one of the safest places for all children in our community, and the safety of our youth members is one of our highest priorities.

WEATHER

Inclement Weather Policy— Packs will be notified of threatening weather conditions and advised to move to designated storm shelters if necessary. An emergency drill will be conducted upon arrival at camp. Please refer to your specific camp emergency procedures as shared in the appendix portion of this guidebook.

GENERAL SAFETY RULES

1. Follow the Buddy System at all times.
2. BSA Policy requires two-deep leadership for all Scout outings and campouts.
3. Aquatic activities are conducted under lifeguard staff supervision.
4. Determine the location of natural hazards. Stay away from the edge of bluffs, lakes, and ponds.
5. **Do not use liquid fuel to start fires** (gas, kerosene, charcoal lighter). Gas lanterns may be used under adult supervision. Gas must be locked under adult control.
6. Drink from an approved water supply. Do not drink from springs or lakes as they may be contaminated.
7. Follow the Northern Star Scouting Wildlife Policy.
8. **Personal BB guns, rifles, and archery equipment are not allowed.**
9. **No flames in tents**
10. **Never leave a fire unattended.** Always put a fire out with water before leaving the area or going to bed.
11. Do not apply insect repellent near campfires. Many brands contain alcohol and other flammable ingredients.
12. No passengers are allowed to be transported in the cargo section of pickups and trucks.
13. Never play games using a knife. Scouts using knives must have their Whittling Chip card.
14. **No bikes allowed in camp.**
15. **No pets (cats or dogs) allowed in camp at any time.**

CAMP RULES & SAFETY

CHECK-IN/WHO IS ALLOWED AT CAMP

- Upon arrival everyone must check-in to ensure they are registered to attend.
- At check-in and obtain a visitor parking pass and wristband.
- All Scouts, Scouters and visitors in camp **MUST** wear a wristband. These wrist bands will be issued at check-in. This is a National Standard and must be followed by everyone. All camp staff are identified by their staff name tag.
- Camp staff under the guidance of the camp director will monitor camp for unauthorized persons. Any questions or concerns regarding unauthorized persons should be referred to the camp director. Those persons found not to be official guests of our camps will be asked to leave and escorted off the premises. Any problems or safety concerns regarding unauthorized persons will be referred to the Camp Director or their designee.

DEPARTURE FROM CAMP

- Upon departure from camp, all campers will leave with their Pack leadership, parent, guardian or an individual approved by the legal parent or guardian. When a Scout leaves Camp with someone other than the Pack leadership, the Pack leadership needs to be aware of this action. This process is intended to maintain the accountability for all youth and provide for their safety. If a camper will leave camp with someone other than their guardian or leader they arrived with, an authorization to release form must be filled out. See your commissioner for more information.
- Leaders are reminded to be aware of problems related to unauthorized release to non-custodial parents. In any situations where a child will be released during camp to someone other than their guardian, an authorization to release form must be filled out.

HARASSMENT PREVENTION POLICY

PREAMBLE:

As Scouting volunteers and staff, we know the Scout Oath and Law should be the only rules we need to live by. However, Northern Star Scouting operates in the environment around us. With increased incidents of harassment reported in the general public, we wanted to share the official policy. If you have any questions, please feel free to contact the Camp Director or the Human Resources Adviser (612-261-2427).

POLICY

It is the policy of Northern Star Scouting to maintain a Scouting environment based on respect and courtesy. This policy is in effect at all Scouting properties (camps and offices) and at all functions (council, district and unit meetings, activities and events).

Northern Star Scouting does not tolerate harassment of any kind of our youth members, adult volunteers, employees, suppliers, or the general public. Any form of harassment that violates federal, state or local law is a violation of this policy and will be treated as a disciplinary matter. This includes but is not limited to harassment related to an individual's race, religion, creed, color, sex, gender, sexual orientation, national origin, ancestry, citizenship status, uniformed service member status, marital status, pregnancy, age, medical condition, physical or emotional disability, or status with regard to public assistance.

For these purposes the term "harassment" includes slurs and any other offensive remarks, jokes, and other verbal, graphic, or physical conduct that denigrates or shows hostility or aversion to an individual because of any of these characteristics and that has the purpose or effect of creating an intimidating, hostile or offensive environment or of unreasonably interfering with an individual's Scouting participation. One type of harassment prohibited by this policy is sexual harassment, which includes unwelcome advances, requests for sexual favors and other offensive verbal or physical conduct.

COMPLAINT PROCEDURE

If you believe you have been harassed or you are aware of harassment of someone else which affects Scouting in any way, you are responsible for reporting it immediately to your Scouting staff leader or adviser, the Camp Director (if you're at camp), the Scout executive, human resources manager, or Council President, whoever you believe is appropriate. All can be reached at 612-261-2300. If feasible, you should tell the person who harassed you what action you consider to be harassment and that it should permanently stop. An accusation of harassment will be investigated quickly and firmly, and in connection with legal counsel or other appropriate investigator. A substantiated violation of this policy will result in disciplinary action up to and including withdrawal of BSA membership and termination. Reporting harassment will not result in any form of retaliation.

YOUR ROLE

As Scouting volunteers and employees, we have the Scout Oath and Law to guide us. Thanks for your help in ensuring a positive Scouting environment for everyone.

SCOUT OATH

On my honor I will do my best to do my duty to God and my country and to obey the Scout Law; to help other people at all times; to keep myself physically strong, mentally awake, and morally straight.

SCOUT LAW

A Scout is: trustworthy, loyal, helpful, friendly, courteous, kind, obedient, cheerful, thrifty, brave, clean, and reverent.

CAMPING WITH WILDLIFE

CAMPSITE PRECAUTIONS: This section of the education material is directed to the precautions that must be taken in your campsite so as to avoid attracting animals. Animals typically found at camp include field mice, raccoons, deer and wild turkeys. There are not any dangerous wildlife typically found at our camps, but they can be a nuisance to your stay. If you feel threatened by any wildlife please contact Camp Management on site

CAMP SANITATION: It is essential that campsites and their surrounding areas be kept clean.

FOOD: This is perhaps the most important precaution to be taken. Food produces odors that attract critters in search of a meal. All food at camp must be stored in a scent-proof container or the trunk of a car.

FOOD IN TENTS: There is absolutely **no excuse** for eating food, meals, or snacks in your tent. These foods will leave appealing odors that will attract wildlife. Empty snack wrappers, food boxes, juice boxes, soda cans, or even water bottles that have had flavored drinks mixed in them are not to be kept in tents. **FOOD OF ANY KIND SHOULD NEVER BE STORED IN A TENT.**

COOKING OF FOOD: If your unit is going to bring snacks to cook the last night of camp, the cooking preparation and dining areas should be as far as possible from the sleeping tents.

CLEAN UP AFTER FOOD PREPARATION: Dishes should be done immediately following completion of the meal. Leftovers should be properly disposed of or stored as food in the manner described above. All tables used in food preparation and eating must be washed. Food spilled on the ground must be picked up. Liquid food spills must be cleaned up by removing the soil that is contaminated with the spill.

SNACKS: Many Cub Scouts and families do bring snacks. Snacks must be stored in the same manner as food is stored as described above. Snacks also include beverages other than water. Soda pop, powdered beverages, juice boxes, or other drinks should never be consumed in a tent. Spills from these products give off odors that are very appealing to critters.

GARBAGE: Garbage containing food should not remain in a campsite. Garbage should be properly bagged and disposed of in the provided cans. Make sure that any leakage from your garbage bag is properly cleaned up as well. Staff will be by each day to collect garbage. You may choose to bring your garbage to the dumpsters if you notice the garbage run has already been made for the day.

TICK AWARENESS: Problems associated with various ticks have been widely reported throughout much of the country including the area surrounding our Council camps. With proper planning and education, tick problems can be minimized. To assist groups with educating its campers, the staff have prepared the following plan:

- All campers should wear a good quality insect repellent when they are in the woods. The most effective repellent to combat ticks is one that contains 30% Deet (or permethrin).
- Parents may wish to bring "spray" type insect repellent so that it can be sprayed on clothes. Please do not let Scouts use aerosol sprays unsupervised because of potential dangers from misuse including damage to eyes and the flammability of the product.
- Walk in the center of trails to avoid picking up ticks from the brush and long grass
- Review tick information that is available on the [website](#). Share this information with the youth and parents in your group.
- Make "tick checks" part of the daily routine at camp. Youth should be reminded every day to check for ticks. Having a buddy such as a tent mate assist is a good idea. Regular showers will also help with early detection.
- See your camp Health Officer or Camp Director if you have additional questions.
